## Locotractor

## Rail/road NEW HOLLAND CML 175

 **NEW HOLLAND**

To see on : [YouTube/CML NEW HOLLAND](https://www.youtube.com/channel/UCM175NEWHOLLAND)

**Already several machines in Belgium-INFRAABEL certified**

- Power : 130 KW/175 CV ;
- Engine : NEW HOLLAND common rail, Tier 4A, 6 cylinders, 6728 cc, turbo intercooler ;
- Warranty and after sale service by NEW HOLLAND ;
- Fuel tank : 270 l. AdBlue : 48 l ;
- Power transmission « Auto Command ». Continuous and smoothly. Energy efficient ;
- Large double cabin, soundproof (69 dBA), mainly glazed, air conditioning ;
- Special tires for railtracks ;

## Rail equipment

- Steering lock when railway ;
- Speed limiter at 20 km/h ;
- Open door limiter ;
- Emergency stop brake valve;

Screen « rail » (on original screen) including :

- Pressure switch for minimum pressure in brake wagon line (< 2,6 bars) ;
- Front and rear rail axles control ;
- Hydraulic pressure gauge for rail axles ;
- Air pressure gauge in brake wagon line and air bottles ;
- Railway lights control ;
- Steering lock control ;
- Speed limiter control ;
- Front and rear camera display (for an easier rail launching) ;

- Automatic correction system of the rail wheels pressure on rail tracks ;
- Adjustable track road axles for a tire wear across their entire width;
- Front and rear bumper and handling wagon system ;
- Screw compressor with a 2 m<sup>3</sup>/min. flow. 300 l. tanks :
  - 28 braked axles;
  - Hot air injection in front of the tires to optimize traction in all weather conditions;
- Railway traffic lights and klaxon ;
- Double refueling system (left and right) ;
- Total weight : 12 tonnes ;
- Towable weight on dry and flat rail tracks : 600 tons.

**Warranty** : 2 years.

**Delivery time** : 6 months.
